

HYGIENE KIT BUILDING EXPERIENCE

Clean the World's Kit Building Experiences provide an engaging way for companies, clubs, and service organizations to meet corporate social responsibility and sustainable development goals, improve teamwork, boost morale, and create a renewed focus on community

Following our carefully curated event guidelines, your group can host an empowering, impactful kit build (or purchase pre-assembled kits) where you work together to assemble hygiene kits and then distribute the kits to shelters, missions, disaster relief efforts, or a number of other places within your community.

Why participate in a Clean the World Hygiene Kit Build?

PROVIDE HOPE. Give much-needed products to people struggling to meet their family's basic needs.

WORK TOGETHER. The bond that's formed when people unite and support a cause will create benefits that reach beyond your event.

RAISE AWARENESS. Promote your event and distribution to local media, raising awareness of the cause you support.

CHANGE LIVES. By distributing the kits locally, you experience first-hand how something so simple can have a profound impact on someone's life.

Looking for a way to engage employees from home?

Similar to our in-person kit build, employees are sent a box of supplies directly to their home, including everything one might need so they can assemble hygiene, back to school, or comfort kits with their family and friends.

Visit cleantheworld.org/soapsaveslives for more information.

ASSEMBLE A KIT FOR SOMEONE IN NEED

Clean the World partners with companies to host impact projects where teams assemble hygiene, school, and comfort kits for people in need.

Each box includes all supplies needed to assemble life-changing kits, just like the one you are building tonight

Assembled kits are then delivered to a charity where they will be put into the hands of women, children, & families in need
