HOSPITALITY PARTNER INFO SHEET

Can something you throw away save a life?

More than 2 million children under the age of 5 will die this year due to two deadly diseases: acute respiratory infection (pneumonia) and diarrheal disease.

Even more tragic than these staggering facts is that these deaths could be reduced by up to 65 percent if families in these areas have access to hand soap and basic hygiene education.

You can help. Your hotel discards slightly used soap and shampoo every day. These products often end up in already overflowing landfills and contaminate fragile groundwater systems. By allowing us to give your discarded soap and bottled amenities a second life, you will put us one step closer to our goal of saving one million lives each year. Recycling these products with Clean the World actually turns trash into treasure for people around the globe.

Clean the World provides Hospitality Recycling Partners with:

- Brand Enhancement
- Increased Employee Morale
- Measurable Results Delivered on a Quarterly Basis
- Cost Savings
- Corporate Social Responsibility Program Establishment/Enrichment
- Access to online training materials
- Ongoing support from the customer service team
- Mention in monthly newsletter as a new participating hotel
- A link to your website from our online partner directory

Looking for CSR?

We make it possible for you to make a difference with our simple 4 step process:

- STEP 1.** You donate discarded soap bars and bottled amenities.
- STEP 2.** Our recycling process creates new soap bars and sanitizes plastic bottles.
- STEP 3.** Your team receives and assembles hygiene kits using recycled items.
- STEP 4.** You donate hygiene kits to shelters and people in need. We can also aid you in selecting shelters in your area.
