

Clean the World®

MAKING THE WORLD A BETTER PLACE

Clean the World is a global impact organization whose mission is to save millions of lives around the world through the recycling and distribution of soap. Since 2009, Clean the World has distributed over 75 million bars of soap from 1.4million hotel rooms across our 8,100 hospitality partners.

Our goal is to eradicate hygiene-related deaths by providing sustainable resources, programming, and education focused on water, sanitation, and hygiene for all those affected by poverty, homelessness, and humanitarian or natural crises.

IMPACT AT YOUR FINGERTIPS

Without impact dashboard you can:

- Track your SDG impact in real-time
- Customize your reporting advanced filters
- Add key SDG stats to ESG reports, customer facing communication, and other marketing campaigns
- Stay up-to-date on Clean the World's programs

Our new interactive dashboard puts you in the driver's seat of your impact. Now it's easier to see how your efforts in water conservation, waste diversion, and carbon offsets through soap and plastic recycling contribute to the United Nations' Sustainable Development Goals.

Clean the World®

LET'S DELIVER IMPACT

OUR PLASTIC RECYCLING PROCESS

Clean the World's plastic recycling process first separates the liquid from the bottles, and then processes the plastic into flake. The flake is then turned into a variety of recycled products.

For example, a disaster relief bucket made from recycled plastic that offers an efficient way to provide aid while helping to protect our environment.

HOTEL SOAP ON A MISSION

Hotel housekeepers collect used soap and ship them to Clean the World, where it is filtered, sterilized, and made into brand-new bars of soap. From the comfort of a hotel room, to the hands of someone in need, Clean the World distributes new bars of soap through many of its impact programs.
