QUICK GUIDE

# How to disassemble a 3-package Big Box

Turn one 3-package into 3 working Big Boxes. Box: 1200 × 1000 × 935 mm · static load 500 kg. Wear gloves.

| | | | |
|---|---|---|---|
| **3** pallets | **3** sleeves | **3** liners | **3** lids |

**1**

You will receive a package containing 1 FOLDED BOX with 2 extra bottoms, 2 extra lids, and 2 extra flat sleeves and 3 plastic liners inside.

**2**

First, take off the 2 loose extra lids on top. Then unlock the 4 locks on the 3rd lid and set all 3 lids aside.

**3**

With the FOLDED BOX open, take out the 3 liners and the 2 extra sleeves and set them aside.

**4**

Pull the FOLDED BOX up and off, leaving the 2 extra pallet bottoms free.

**5**

Separate the 2 extra pallet bottoms.

**6**

Keep the 3 lids ready.

**7**

Prepare the FOLDED BOX.

**8**

Take one liner and unfold it.

**9**

Lower the liner into the box.

**10**

Fold the liner edges over the box rim.

**11**

When FULL: Close the box with all lid clips (4). (Do not overload the box, Lids should be fully closed)

**12**

Stack and store the other 2 sets (2 bottoms, 2 lids, 2 sleeves and 2 liners) for later use.

**13**

DONE! You have 1 FOLDED BOX READY TO USE, plus a SET for 2 more boxes.
