# The Mission

**Collect and recycle soap and bottled amenities discarded by the hospitality industry.**

**Through the distribution of these and other donated hygiene products to impoverished people, help prevent millions of hygiene-related illnesses and deaths every year.**

# Soap Recycling Saves Lives!

## No soap or bottles to landfill

Help us collect soap bars and bottled amenities and place them in the Clean the World boxes.

Once boxes are full, ship them back to Clean the World. All soap is recycled into new bars, supporting those in need. The number of boxes you receive is based on room count and participation history, not the number of floors.

Celebrate your impact! Soap Saves Lives!
